WELCOME

to Evershine Group, one of the premier companies worldwide in the granite business. We are one of the oldest companies in India, having started operations way back in 1942, and are the only company in the country that provides end-to-end solutions in granite. We quarry rough granite blocks, manufacture slabs/tiles, granites for landscaping, design granite furniture and also export natural stones like sandstone, limestone, slate and quartzite. At Evershine, we believe in leveraging the latest technology and implementing rigorous quality standards to deliver world class products to clients.

It was the vision of our founder, Mohammed Patcha Sahib, to be among the best in the business and help India cement its position among the elite in the granite business.

Guiding us today and giving us direction in achieving this vision is Mr. Munavar Basha, our Chairman and his two sons, Ghazanfer Basha and Khusru Basha.

From Chairman's Desk

The success of our company can be attributed to our ability to continually identify and nurture each relationship with our customer, by making them feel that they become part of our extended family of trust, great quality of the product and a highly impeccable service, for over a period of six decades.

Our values of respect, trust, and involvement remain consistent. These values are embraced by our people and have played a major role in our success so far. These values will continue to do so going forward.

Munavar Basha
Chairman

OUR HISTORY

Our journey started in early 1942, when Mohammed Patcha Sahib founded India Granite Artworks, the forerunner of Basha's Evershine Group. Just a couple of years later, in 1944, India Granite Artworks exported its first consignment of granite monuments to Meyer Bros. Later, it also sent consignments to Hyden Leek and Braithwaite in the UK.

Exactly 25 years later after India Granite Artworks came into existence, Evershine Granites was born, in 1967. In 1970, we were the first to introduce black granite blocks and thick slabs to the international market, mainly Japan. A year later, in 1971, we took another significant step in the global granite market – introducing multi-color granites to the international market. First to hold 50% of the export share of the entire Indian granite market for over a decade ('60's & '70's). In 1977, we exported landscaping props, including kerbstones, cobblestones, and wallstones, for the first time.

Today, we at the Evershine Group understand the importance and significance of diversification in contributing to an organization's growth, and have expanded our operations in other domains as well, with a view to provide the same top class service to our clients in those fields. Our areas of operations today include information technology, real estate and high end retailing.

From its beginning as India Granite Artworks, Evershine Group has grown into a global business house consisting of the following organizations:

- Evershine Granites Pvt. Ltd.
- Evershine Granite Exports
- Evershine Granite Quarriers
- Evershine Monuments
- Evershine Granites
- Evershine Granitiles
- Monumental Memorials (100% E.O.U)
- Unique Granites Pvt. Ltd.
- G.B Enterprises
- Dynamic Corporation
- Kerbs and Cubes Continental
- Evershine Infotech Pvt. Ltd. (Software Division)
- Times Avenue Pvt. Ltd.

OUR MILESTONES

1942

Mohammed Patcha Sahib & Sons started India Granite Artworks.

1944

First export of granite monuments to Meyer Bros. Later, exports were also done to Hyden Leek and Braithwaite in the UK

1967

Evershine Granites is born.

1970

Evershine Granites introduced black granite blocks and thick slabs to the international market mainly Japan.

1971

Evershine Granites introduce multi-color granites for the first time in the world markets.

1977

Export landscaping props, including kerbstones, Cobblestones/Cubes and wallstones. This is the first time landscaping props have been exported. Munavar Basha studies the possibilities in Portugal.

1982

Gangasaw Slab Unit was established.

1985

Corporate Office in Bangalore was established.

1988

Establishment of Monuments Unit - 100% EOU.

1992

Expansion of the Slab Unit.

1993

Establishment of Tile Unit.

2000

Expansion of Tile Unit.

2007

Introduction of Bash Blue to the world market.

ADVANTAGE EVERSHINE

Pioneers Of End-To-End Solutions in Granite

Hand sculpted granite monuments & memorials are created by our experienced artisans. Their expertise has been handed down through ages from their fore fathers who were ancient temple sculptors. This invaluable proficiency of our artisans is made available to our customers.

Wide variety of our export quality items include Rough dimensional block, Polished slabs/tiles, Markers, Monuments, Flamed & Bush hammered paving slabs, Kerbstones, Pollers, Balls, Steps, Cobblestones/Cubes & Granite furniture.

In appreciation of our meritorious services and quality for various Granite products we have been affiliated by the Central Government of India, State Government, Dept. of Trade & Commerce & other Government agencies with innumerable top export awards & Certificate of Merits.

Our special product finishes include High Gloss Polishing, Flaming and Bush hammer. Our different granite varieties are Kuppam Green, Red Multicolour, Paradiso Bash, Multicolour & Black Galaxy. Our exclusive granite is Bash Blue.

We have large supplies of quality granites available for export and for the Indian market throughout the year.

1 OUR FIRSTS

First to export granite monuments to U.K - all products were hand polished and dressed by hand.

First to hold 50% of the export share of the entire Indian granite market for over a decade ('60's & '70's).

First to introduce polished granite slabs to the overseas and the Indian market ('70's).

First to introduce kerb stones and cubes to the overseas and the Indian market ('80's).

First to quarry multicolor granites from the South.

The oldest granite industry existing for four generations.

PRODUCT RANGE

We at Evershine Group pride ourselves on our ability to provide end-to-end solutions in granite to our clients. Our solutions include world class products and also services.

We have a comprehensive list of product offerings, which consists Rough dimensional block, Kerbstones, Cobblestones/Cubes, Palisades & Paving Slabs of varying dimensions and shapes. Polished slabs/tiles, Caliberated Tiles & Monuments, Tombstones, Vanity Tops, Counter Tops, Cut To Sizes, Stone furniture, Granite Artefacts & Sculptures. Our products have been used extensively in different locations across the world – airports, bridges, city centers, streets, walkways, tube stations, landscaping, and also parks. They have also found use in a number of applications.

We have in place the complete infrastructure that allows us to incorporate a cohesive approach to customer satisfaction – our own quarries, warehouses, factories and processes, sculptors, and transport and customer delivery system. The end result: repeat orders and an ever-increasing list of loyal clientele across the globe.

Awards

COUNTRIES TO WHOM WE EXPORT

We are exporting our natural/processed granite products all over the World

USA, Hawaii, Canada, UK, Scotland, Ireland, Italy, Spain, France, Switzerland, Germany, Belgium, Austria, Sweden, Finland, Denmark, Norway, Russia, Middle East, Israel, Japan, Hong Kong, China, Singapore, Taiwan, Malaysia, Australia, New Zealand, etc.

QUARRIES

Our quarries are literally the backbone of our granite business. Our quarries have existed for decades, thanks to the vision of our founding father. We have quarries and processing plants across the South Indian states of Karnataka, Tamil Nadu, and Andhra Pradesh. We have recently started operations at the Black Galaxy quarry in Ongole, Andhra Pradesh, currently rated one of the best in the world, and the Bash Blue quarry near Trichy, Tamil Nadu.

Our quarries offer employment to more than a thousand people, which is a significant contribution to the economy and growth of these other impoverished areas. Most importantly, there is zero incidence of child labor in our organization.

We at Evershine take pride in being the first company in India to introduce a range of granites to the global market. Our granite offerings include Classic Paradiso, Red Multi, Kuppam Green, Kuppam Grey, Platinum Blue, and Bash Paradiso, ML Black, Midnight Star. The name Bash comes from the family name Basha. Recently, we have also introduced Bash Blue, a new exclusive material from India. Currently, we have a monopoly over this material.

Multicolor Red

Our granite offerings include Classic Paradiso, Red Multi, Kuppam Green, Kuppam Grey, Platinum Blue, and Bash Paradiso, ML Black, Midnight Star. The name Bash comes from the family name Basha. Recently, we have also introduced Bash Blue, a new exclusive material from India. Currently, we have a monopoly over this material.

SLABS & TILES

Technology has been one of the main drivers for ensuring latest designs of the highest quality at Evershine. This is apparent in our slabs and tiles unit as well. Our gang saw and tiles unit consists of machines imported from Giorgani Maggi and Simec polishing line from Italy.

Currently, we export slabs of different thickness (2cm, 3cm, 4cm, etc.) as well as tiles in 10 & 12 mm thickness . Our slab exports come with different finishes – polish, flamed, bush hammered, brushed, leather & Laptura/Giani – depending on the client's requirements. Our product range in slabs, are table tops, kitchen and vanity counter tops, also cut to sizes etc.,

MONUMENTS

Basha's Evershine Group exports some of the finest quality granite monuments. These monuments, which are wholly for export, are created from a variety of granites and either hand-sculpted or machine-refined, depending on the complexity of the design and other related requirements.

The artisans we employ are highly skilled sculptors who have, from generations, practiced the art of temple sculpture. Their extra ordinary skills are evident in these exquisite monuments.

Completely complementing traditional practices are our state-of-the-art factories that truly 'leave no stone unturned' in creating monuments of exceptional quality and beauty. At Evershine, we use advanced technology and cutting edge design to provide high quality monuments to clients from across the globe.

The machinery at our monument plant at kuppam includes circular saws imported from Yamana, Japan, automatic bridge polishers and bridge edge cutting machines imported from Gregori, Italy, countor, milling and polishing machines and an edge polisher from Thibuat, France, and the polar Junior plus, a monument profile cutting wiresaw machine from Bidese Impiante, Italy.

Monument Plant, 100% EOU

We export monuments to Germany, Sweden, Norway, France, Belgium, Holland, Australia, New Zealand, Austria, Slovakia, England, Ireland, Canada, and the USA.

SCULPTURES & ARTEFACTS

LANDSCAPING
